

HEARTplay Groups

WINTER/SPRING 2026

HEARTplaySM is a heart-centered bereavement program offering support services for children, teens and young adults of all abilities who are coping with the serious illness or death of an important person in their lives. Licensed mental health counselors and expressive therapists use movement, music, art, play, and discussion to help participants explore and express feelings associated with grief and loss. Participants are invited to honor their person, learn about the grieving process, and connect with peers who have experienced a similar loss. **All programs are offered at no cost to all families.** We strive to offer programs and services that are trauma-informed and responsive to the needs of families in our communities.
